# GARDEN REVERIE

*Garden Reverie* by Milaaya Interiors reimagines the timeless allure of the garden as an immersive interior statement. Inspired by the structured romance of Mughal landscapes, the quiet poetry of Japanese scenic gardens, and the lush vitality of monsoon forests, the collection transforms architectural surfaces into richly embroidered environments.

Intricately detailed wallpapers and wall panels bring peacocks, layered foliage, and florals to life through masterful threadwork, creating depth, shadow, and movement across expansive surfaces. Each motif is carefully articulated to enhance texture and luminosity, allowing the walls to feel dimensional, refined, and quietly opulent.

Above, a celestial canopy unfolds in gold bugle embroidery — constellations, sun, moon, and angels shimmering against a dramatic ground — extending the narrative from enchanting garden to radiant sky.

With Garden Reverie, Milaaya Interiors presents **embroidered wallpapers, wall panels, and ceilings** as expressions of high-end luxury — where craftsmanship elevates architecture and every surface becomes a statement of immersive design.

## EASE OF MAINTENANCE

Crafted to look exquisite and live beautifully, our embroidered creations are easy to care for: cushions, linens and drapes simply dry clean, while wall panels and art need only a light dusting or gentle vacuum once a week. Every material is mill-dyed and tested to resist fading, colour change and moisture, with archival sheets safeguarding our wall art.

## CARE TIPS

To preserve their beauty, keep embroidered pieces away from direct AC airflow, sunlight and damp walls. Each wall art and panel is designed with extra allowance for seamless installation and long-lasting performance.

## CUSTOMISATION

Our in-house designers and artisans translate your themes, colours and sizes into bespoke embroidered creations, supporting you from concept to completion. Installation is carried out by your on-site contractors.
